

ADVANTAGE HANDYMAN GIVES BACK TO THE COMMUNITY

Advantage Handyman Services has been a fixture in the Charlottesville community for nearly ten years, helping homeowners with both large and small construction and handyman projects as well as with painting services. Sean Castorina, owner of Advantage Handyman Services, would like to give something back to the community as a way of saying thank you to over 7,000 satisfied customers.

“We are offering up to two hours of free labor to any elderly or disabled homeowner,” Sean said. “This doesn’t include materials, but if the homeowner has a door lock to fix, some dry wall work, a towel rack to hang or any odds and ends handyman jobs, we’ll come to their home and take care of it, no strings attached.”

“We’ve been fortunate to do well,” Sean continued, “even in a difficult economy, and this is our way of thanking the community as well as helping those who may be less fortunate.”

Sean ascribes the success of his company to quality work, visibility and three divisions designed to serve the need of every customer.

“Our Handyman Division is designed for smaller projects, but we have an entire staff of employees with different skills,” Sean said. “A single worker may or may not be good at dry wall, for example. If you need dry wall work, we will send someone who specializes in that field.”

Sean emphasized that his Handymen average over 10 years experience and each undergoes a criminal background check and is personally screened.

“I wouldn’t send anyone into your house that I wouldn’t feel comfortable having in my home,” he remarked. “You can have confidence that we will send skilled people and those you can trust.”

ADVANTAGE HANDYMAN IS OFFERING TWO HOURS FREE LABOR FOR SENIOR CITIZENS OR DISABLED HOMEOWNERS WITHIN TEN MILES OF THEIR OFFICE

The local contracting company also has a Construction Division for larger projects such as sunrooms, small additions, in-law suites, basements and garage conversions. Advantage Handyman also has designers on staff, which can assist clients in laying out their projects.

“If you have a good idea about what you want and if you have a budget for the job and a time frame in mind, we are the company for you,” Sean confirmed. “We handle all the permits and will give you firm prices and firm start and completion dates. We can make the

process effortless on your part. We also offer in-house financing and accept major credit cards.”

Some construction companies, particularly smaller operations, can leave a family’s home in disarray for months once the job begins. Not Advantage Handyman, where the motto is: “We come to your home and we don’t leave until the job is finished.

A third division is the Painting Division at Advantage Handyman Services.

“We have as skilled a painting division as can be found in Central Virginia,” Castorina noted. “We have painted for many companies in the area including Martha Jefferson Hospital, Albemarle County, WVIR Channel 29 and well over a thousand residential homes.”

Advantage Handyman is able to keep costs low by never adding markup on materials and never subbing out work to other contractors.

“This way we can control our labor costs,” Sean noted. “We are competitive with any reputable contracting company carrying a class A license who is fully insured.”

“Our mission is to provide craftsmanship that exceeds our customers’ expectations in a timely and professional manner,” Sean emphasized.

Sean Castorina has a Virginia Class A Contractors License and the firm belongs to the Better Business Bureau. Advantage

If you are an elderly or disabled homeowner and need some handyman work, call Advantage Handyman Services and take advantage of their two-hour free labor offer.
